MEDDELELSER OM GRØNLAND

INDHOLD TIL BD. 181

1—8 Grønlands Geologiske Undersøgelse.

1. **Semenov, E. I., V. I. Gerassimovsky, N. V. Maksimova, S. Andersen & O. V. Petersen:** Sorensenite, a new Sodium-Beryllium-Tin-Silicate from the Ilímaussaq Intrusion, South Greenland. 1965.
2. **Semenov, E. I. & H. Sørensen:** Eudidymite and Epididymite from the Ilímaussaq Alkaline Intrusion, South Greenland. 1966.
3. **Sørensen, H.:** On the History of Exploration of the Ilímaussaq Alkaline Intrusion, South Greenland. 1967.

4.I **Bollingberg, H. & Ole V. Petersen:** Genthelvite from the Ilímaussaq Alkaline Intrusion, South Greenland. 1967.

4.II **Andersen, Steen:** On Beryllite and Bertrandite from the Ilímaussaq Alkaline Intrusion, South Greenland. 1967.

5.I **Semenov, E. I., M. E. Kazakova & R. A. Aleksandrova:** The Lovozero Minerals-Nenadkevichite, Gerassimovskite and Tundrite — from Ilímaussaq, South Greenland. 1967.

5.II **Semenov, E. I., H. Sørensen, M. S. Bessmertnaja & L. E. Novorossova:** Chalcothallite — a new Sulphide of Copper and Thallium from the Ilímaussaq Intrusion, South Greenland. 1967.

6. **Petersen, Ole V.:** The Mineralogy of Naujakasite. 1967.

7.I **Semenov, E. I., M. E. Kazakova & V. J. Bukin:** Ilímaussite, a new rare Earth-Niobium-Barium Silicate from Ilímaussaq, South Greenland. 1968.

7.II **Semenov, E. I., H. Sørensen & Z. T. Katajeva:** On the Mineralogy of Pyrochlore from the Ilímaussaq Alkaline Intrusion, South Greenland. 1968.

8. **Hansen, John:** A Study of Radioactive Veins containing rare-Earth Minerals in the Area surrounding the Ilímaussaq Alkaline Intrusion in South Greenland. 1968.

9. **Piotrowski, J. M. & A. D. Edgar:** Melting relations of undersaturated alkaline Rocks from South Greenland. 1970.

10—11 Grønlands Geologiske Undersøgelse.

10. **Andersen, E. Krogh, M. Danø & O. V. Petersen:** A Tetragonal Natrolite. 1969.
11. **Sobolev, V. S., T. Y. Bazarova, N. A. Shugurova, L. Sh. Bazarov, yU. A. Dolgov & H. Sørensen:** A preliminary Examination of Fluid inclusions in Nepheline, Sorensenite, Tugtupite and Chkalovite from the Ilímaussaq Alkaline Intrusion. 1970.
12. **Sood, M. K. & A. D. Edgar:** Melting Relations of undersaturated alkaline Rocks. 1970.

13—14 Grønlands Geologiske Undersøgelse.

13. **Sørensen, H., M. Danø & Ole V. Petersen:** On the Mineralogy and Paragenesis of Tugtupite $Na_8Al_2Be_2Si_8O_{24}(Cl,S)_2$. 1971.
14. **Povarennykh, A. S., A. N. Platonov, A. N. Tarashchan & V. P. Belichenko:** The colour and luminiscence of Tugtupite (Beryllosodalite) from Ilímaussaq, South Greenland. 1971.
